## TOWN MEETING, MARCH 8th, 1960

### Minutes of the Annual Meeting of the Town of Nelson

---

The meeting was called to order by the Town Moderator who then read the Town Warrant and the following articles were voted on:

Article I—To choose all necessary Town Officers:

Selectman for three years—Mr. Kenneth Corey

Town Clerk—Mrs. John Walter

Town Treasurer—Mrs. Francis Tolman

Tax Collector—Mr. Frank Upton, Sr.

Road Agent—Mr. Edward Murdough

Constable—Mr. Frank Upton, Jr.

Police Officer—Mr. Raymond Huber

Fire Chief—Mr. Joseph Dobson

Civil Defense Director—Mr. Kenneth Balch

Trustee of Trust Fund—Mrs. Frances B. Tolman

Sexton—Mr. Winston French

Trustee of Library—Mrs. Kenneth Balch (3 years)

Mrs. Robert Hatch (1 year)

Auditor—Mr. Sidney Partridge

Article II—The amount of \$12,925.00 was raised to defray Town Charges.

Article III—The amount of \$462.88 was raised as the town's part in the T.R.A. program. It was agreed that a notice would be posted as to the whereabouts of T.R.A. A general discussion followed as to the necessity of black top roads versus good gravel roads.

Article IV—Highways and bridges—The total of \$12,000 was raised and appropriated, \$5,000.00 for summer and \$7,000.00 for winter maintenance.

Article V—The amount of \$600.00 was raised and appropriated for the drainage of the Upton Hill Road.

Article VI—This article was accepted as read and gave the Selectmen power to borrow money in anticipation of taxes.

Article VII—The amount of \$100.00 was raised for Old Home Day and the amount of \$50.00 for Memorial Day expenses. The original article was amended to read, "To see if the Town will vote to raise the sum of \$100.00 to help defray necessary and proper expenses of Old Home Day and \$50.00 for the same purpose for Memorial Day 1960."

Article VIII—The amount of \$400.00 was raised and appropriated for the maintenance and improvement of the Nelson Cemetery.

Article IX—The amount of \$154.00 was raised and appropriated to be applied towards the support of the Elliot Community Hospital, Keene, N.H.

Article X—The amount not to exceed the amount of \$250.00 was raised for civil defense purposes, its uses to be determined by the duly elected civil defense director.

Article XI—The amount not to exceed \$200.00 was raised and appropriated for the construction and maintenance of fire trails and water holes.

It was voted to pass over articles 12, 13, 14, 15 and 16 until after article 17 was taken up so that interested persons would be there for the vote.

Article XVII—This article pertained to the closing of the road between the Nelson highway and Rte. #9 a stretch better known as Guillow's corner. The article was voted out due to the fact that it is too dangerous a turn from the highway into Rte. #9 on the new approach and would be endangering the school bus and other traffic.

Article XII—This article was accepted as read and gave the selectmen authority to sell, at public auction, to any proper buyer, any and all parcels of property conveyed to the Town by tax collector's or other deeds and to execute, acknowledge and deliver appropriate deeds thereof.

Article XIII—It was voted to accept a quit claim deed for the consideration of \$1.00 for property known as the "Hale Dam" site, said deed having been duly executed by Margaret F. Mason.

Article XIV—The amount of \$1,000.00 was raised and appropriated for the purpose of maintaining the Town Fire Department.

Article XV—The amount of \$536.00 was raised and appropriated for the purchase of new fire hose.

Article XVI—It was voted to raise and appropriate the amount of \$500.00 to add to the Town Reserve Fund.

Article XVIII—It was voted to raise and appropriate the sum of \$200.00 (not to exceed this sum) for the repair and renovation of the Town Hall, said repairs to be approved by the

selectmen. A report of the repair and renovation committee was read by Mrs. Janet Tolman, chairman of the committee. A motion was made that the building committee for the Town Hall be commended for their work and for the work done and that the same committee continue to serve for the ensuing year.

Article XIX—The amount of \$25.00 was raised and appropriated towards the support of the Nelson Town Library.

Article XX—Other business: A discussion followed over the danger of the factory chimney on Rte. #9 in Munsonville. It was pointed out that the selectmen should take some action, if possible, about having the chimney taken down or building a suitable fence around the property. No action was taken by the voters at this time.

The following motion was accepted as read: In the interests of affording the voters residing in the easterly section of the town a better warning of any caucuses, town meetings, or public hearings, it is hereby moved that the selectmen cause to be erected a suitable bulletin board at the triangle opposite the Sharples' property, being the junction of town roads #50 and #62; or at some other suitable place in the easterly section. The selectmen are to cause to be posted in the future on said bulletin board a copy of all notices or warrant covering caucuses, town meetings, public hearings, or other items of public interest.

It is intended that the aforesaid posting is to be in addition to the two postings required by Chapter 39;5. The authority for this additional warning is cited in Chapter 39;12 of the N. H. Revised Statutes Annotated.

The following motion was submitted by Mr. Newton Tolman. Moved that no portion of land which contains more than ten acres; and that no portion of land which contains more than one thousand linear feet of lakeshore, shall be used, maintained or operated as a public park, nor as a recreational area expressly for public use, nor as a reservation operated under terms which would enable such land to be opened to free public use as a park or recreational area at any time.

(B) That if any part of this motion be found not in conformance with the laws of N. H., it shall not invalidate any other part; the intent of this motion being clearly to prevent lands as described being operated in such fashion as to constitute a substantial loss in property values to the town, and to throw open land within the town to large numbers of the general public which would be detrimental to adjoining real estate values.

(C) That this motion be put into effect by whatever proper legal means exist under Chapter 31 of the New Hampshire RSA or other proper agency; and that any landowner wishing to appeal the terms of this motion, shall be granted a hearing by the Selectmen; and if it appears that such an appeal could be granted without economic loss to the town, the Selectmen may grant an exception, provided a public hearing is held prior to such exception being granted.

At this time a motion was made to refer the above motion to town council to determine the legality of such a motion. It was voted by 28 to 26 in favor of turning the motion over to legal council.

A resolution was offered by Mr. Sidney F. Partridge: Be it resolved in annual town meeting assembled, by the voters and residents of the Town of Nelson, that a sincere vote of thanks is hereby given to Miss Alice W. Sharples, in appreciation of her many years of faithful and dedicated service to the town, as a trustee and as the librarian of the Olivia Rodham Memorial Library.

The town clerk is forthwith instructed to insert the foregoing resolution in her minutes so that same will be printed in the next annual Town Report, and thus be preserved as a public record.

A standing vote of appreciation was given Miss Sharples by the town assembled.

The meeting was adjourned at 3:15.

Respectfully submitted,

PRISCILLA T. WALTER (Mrs. John)  
Town Clerk of Nelson

## SPECIAL MEETING, FEBRUARY 15, 1960

---

The voters in the Town of Nelson were called together for a special meeting regarding proposed zoning of the town. The following articles appeared on the warrant.

1. To hear the report and recommendations of the Nelson Planning Board.
2. To see if the Town will vote to adopt the provisions of Chapter 31, New Hampshire Revised Statutes Annotated pertaining to Zoning Regulations.
3. To see if the Town will vote to adopt a proposed official Zoning Map of the Town as prepared and filed with the Town Clerk and Board of Selectmen by the Nelson Planning Board.
4. To see if the Town will vote to adopt a proposed zoning Ordinance, a copy of which is appended hereto, or take any action thereon.

The meeting was called to order by the acting moderator, Mrs. Mildred Quigley who after reading the warrant turned the meeting over to the chairman of the Nelson Planning Board.

A letter was read from Dr. Norris Robertson urging the town to consider a zoning plan that would protect land owners in the lake areas so that the town could derive greater taxes from these properties.

Article II—It was voted to pass over this article to take up article IV.

Article III—It was voted to pass over this article to take up article IV.

Article IV—It was moved to accept the article as read with the following amendments: That Granite Lake and Ellis Reservoir be deleted from the zoning plans as drawn up by the board and that the town empower the Board of Selectmen or the planning Board to send questionnaires to the non-residents pertaining to zoning ordinances as to their favor for or against zoning. The vote was 38 no and 23 yes. Total number of votes cast 61, necessary for choice 31. The entire article was voted out.

Articles II and III were then re-opened and also voted out by unanimous vote.

The meeting was adjourned at 11:05 p.m.

Respectfully submitted,

PRISCILLA T. WALTER (Mrs. John)  
Town Clerk of Nelson

## REPORT OF SELECTMEN

---

The annual meeting sponsored by the State Tax Commission was attended and the suggestions, discussion, and instructions relative to assessing proved to be of considerable value. The Commission has been most cooperative and of great assistance in this field. Appraisers from the Commission have examined several properties in the town, and Mr. Frank Mace, a Commission Forester has been most helpful in determining proper yield tax assessments.

The first installment of \$2,000, due on the \$10,000 equipment note was paid together with interest amounting to \$250.

Insurance policies carried by the town have been consolidated for more complete coverage at less expense.

Several pieces of property owned by the town were sold at public auction and will again become tax producing.

Town lines between Nelson and the towns of Hancock and Stoddard were perambulated and the bounds renewed.

Through the co-operation of the State Highway Department a traffic light was installed at the principal highway intersection in Munsonville at no cost to the town.

A Cemetery Board consisting of the Trustees of the Trust Funds together with Mr. Rodger Tolman and Mr. Winston French was appointed to study the feasibility of making the so-called "new part" of the cemetery self supporting within a few years. When this occurs it is expected that this board shall have complete charge of expenditures, regulations and development. Until it is self supporting and as long as the town appropriates moneys, any action of the Cemetery Board shall be subject to the approval of the Board of Selectmen.

The resignation of Mr. Joseph Dobson as Chief of the Fire Department was accepted with regret and Mr. Alden Wilder was appointed to fill the office for the remainder of the term.

Mr. Earl Barrett resigned as a member of the Planning Board and Mr. John Walter was appointed for the unexpired term.

Assessed valuation of property in the town increased \$88,590.00 over the 1959 figure. It is interesting to note that without

the increased valuations which developed in 1959 and 1960 the tax rate for 1960 would have been \$5.18 instead of the actual rate of \$4.06, a difference of 27%.

Conferences were held with various committees representing the Nubanusit Lake Association. One of the committees advocated the formation of a non-resident taxpayers association which would function as a line of communication with town officials. Your board offered no objections to the proposal and in fact believes that such an organization might be beneficial to the town.

However, exceptions were taken to the statement, presented by a second committee, that the purchase of the "Island" for the Nature Conservancy of N. H. would be of great benefit to the town. Your board was and is strongly opposed to the removal from the tax list of such valuable property, two principal reasons being:

1. The town currently received over \$1,800.00 in taxes from this land and it is believed that if the property is properly developed a potential tax value of at least \$10,000.00 will be realized. If this property is controlled by a tax free organization the burden of raising the equivalent amount of taxes will rest on the remaining taxpayers in the town.
2. The town will be put to added expense for fire patrol and policing of the area in the immediate future.

Your board has proposed alternate possibilities and has sought the advice of counsel and various state officials as to any possible remedial action.

Because of an announced change of policy by the Monadnock Region Association it was felt that the town should have representation in the association; consequently Mrs. Newton Tolman was appointed and consented to serve as a Director.

Finally, your board wishes to express its thanks to all other officials and citizens whose co-operation has been greatly appreciated.

Respectfully submitted,

KENNETH T. COREY

## REPORT OF THE CIVIL DEFENSE DIRECTOR

It is again a pleasure to report to the town that it has not been necessary to activate our Civil Defense unit for the purpose of coping with any local emergency in 1960. It is also a pleasure to report that should an emergency arise that the town has a well equipped team to handle the same.

The director and available personnel participated in the annual Civil Defense exercise during which the several alerting signals were received and the prescribed routines followed. It is worthy of note that the willingness of the public to cooperate becomes more and more apparent as each annual alert is held.

Again thru the cooperation of the state office it has been possible to secure needed equipment at a most nominal cost. Materials with an acquisition value of \$448.50 were secured at a cost to the town of \$28.19.

The director approved the purchase of a Stokes stretcher, unavailable thru surplus property distribution. This is a special basket type stretcher that is most useful in moving an injured person over difficult terrain.

It is hoped that shortly it will be possible to obtain a small trailer thru the good offices of the state Civil Defense agency which will be used to mount the portable fire pumps making it easier to reach water holes impassable to the regular fire trucks.

As always it is a pleasure to report upon the fine cooperation and help afforded the director by the State Civil Defense Agency and its personnel.

Respectfully submitted

KENNETH B. BALCH,

Civil Defense Director  
Nelson, N.H.

## REPORT OF THE NELSON FIRE DEPARTMENT

---

The year 1960 has passed and it is again a pleasure to be able to inform the residents of Nelson that no major losses occurred.

Your department responded to 11 emergency calls in 1960, of these calls 7 were for fires, 1 for water in cellar, 1 highway accident, and 2 resuscitator calls. In each case a good complement of the firemen were on duty.

The department now consists of 30 men and officers.

The Nelson fire department was one of fifty participating in the parade and muster held by the Keene Fire Department and was the recipient of considerable favorable comment concerning the appearance of the equipment.

During the winter months, when it is not possible to hold outside drills, a program has been established where individual members speak on and discuss various types of fires and the best methods of handling them and using equipment carried on the trucks.

The department in 1960, at no cost to the town, expended \$190.02 of its own funds for the purchase of services and new equipment. Our fund raising project for the year, the sale of home fire extinguishers was most disappointing in that the response of the residents was not good.

A radio is being purchased for installation on Truck No. 1 and when it is ready both trucks will be equipped with this invaluable means of communication. It might be of interest at this point to advise the residents that each Sunday morning at 11 all fire fighting equipment is inspected, tested and checked, at the same time the Mutual Aid Base Station at Keene is in radio contact with all participating units.

The major project of the Nelson firemen for 1960-61 is the numbering of each road in the town in addition it is hoped that each residence can also be assigned a number. All department members have been supplied with a map indicating the roads

in town and with such information at hand a prompt and efficient response will be possible. It is hoped that persons calling the department will realize the importance of this system and familiarize themselves with the proper number assigned to their area so that this information can be given at the time of the call.

The department is again requesting, under a separate article, funds for additional hose. It is hoped that residents will again see fit to approve this request so that old hose can continue to be replaced.

It was with regret that the department found it was necessary for Joseph Dobson to resign as its Chief and wishes to express its thanks to him for the work he has done in bringing the department to its present level.

May we again stress the fact that this is your fire department and that it stands ready to assist in any emergency that may occur, and may we thank you, the people of Nelson, for your interest and cooperation in 1960.

Respectfully submitted,

ALDEN WILDER, Chief,  
Nelson Fire Department

## REPORT OF THE POLICE OFFICER

---

Over 200 hours were spent by police officers in enforcing law and order in the town in 1960.

Four serious accidents were investigated by local and state law enforcement officers. In each accident investigated one or more persons were hospitalized.

Vandalism was the cause of several hundred dollars worth of property damage mostly due to breaking and entering. Motor vehicle accidents causing property damage in excess of \$5,000 occurred in the town limits.

A weekend road patrol was initiated with well over 100 warnings being issued for motor vehicle violations. It was noted, following establishment of this patrol, that considerable more respect for the speed limits established on route 9 resulted. This department has worked with local and state officials on several occasions with excellent cooperation.

Respectfully submitted,

RAYMOND HUBER,  
Police Officer

## AUDITOR'S CERTIFICATE

---

I hereby certify that I have examined and audited the accounts and records of the Town of Nelson for the Fiscal Year ended Dec. 31, 1960, including those of the Selectmen, Town Treasurer, Tax Collector, Town Clerk, Trustees of Trust Funds, Library Trustees, Road Agent, Cemetery Superintendent, and Town Hall Custodian, and in my opinion found them to be in good order.

Vouchers and cancelled checks were compared with supporting invoices and payrolls as well as entries in the books of record. Receipts were checked by source in so far as possible and total receipts and expenditures verified. Book balances were verified by comparison with reconciled bank balances made from statements obtained from depository banks. Balance due on long term notes was confirmed by letter from the lending institution. Verification of uncollected taxes was made by mailing notices to delinquent taxpayers as indicated by the Tax Collector's records. Special tests of the accounts and records were made as considered necessary.

## CERTIFICATE OF AUDIT

This is to certify that I have examined and audited the accounts and records of the Nelson School District for the Fiscal Year ended June 30, 1960. In my opinion, the Financial Report with Balance Sheet, and the Treasurer's Report reflect the true financial condition of the School District on June 30, 1960 together with the results of operation for the fiscal year ended on that date.

## REPORT OF THE SUPERINTENDENT

to the Nelson School District

---

It is a pleasure to submit my second annual report.

Effective work depends upon the cooperation of all concerned. It is a real pleasure for me to report that all participating individuals and groups have been most willing to assist in the developing of good practices and results from our school. It certainly has been advantageous educationally by sending the 8th graders to Keene Junior High. I am sure as 9th graders they will find the transition from a constant program to an elective one much more meaningful. At the same time it has allowed us to strengthen our fifth and sixth and seventh grade programs by adding more depth to instruction.

It is true that in all school systems there is much that we can praise and point with pride, but there is always room for improvement. We must build upon that which is known to be valid and good, and hold fast to what we have achieved as we move forward. Our effectiveness stems from the efforts of a team of loyal workers who are sincerely interested in the welfare of all children. A good working relationship between school personnel, School Boards, and Superintendent of Schools rounds out the arena of action within which educational progress can and is made.

As we look ahead, I see a great need for developing a close articulation between the high school and the elementary schools' program. We must make sure that there is a continuity and consistency in what both schools are doing in order that we may make best possible use of our human resources and the facilities which are available to us. The curriculum is the heart of the school. Unless it is made up of offerings which have meaning to youth in terms of life's needs, then it becomes powerless to attract and hold youth in school. This fact emphasizes the need for constant review of offerings and their contents.

PAUL L. CLARK

Superintendent of Schools
